The background features a stage with dark red curtains. Three solid black spheres are positioned on the light-colored stage floor in front of the curtain. The lighting is dramatic, coming from above and behind the curtains.

ITEA is rich in business impact results and therefore we would like to award two star projects in this category...

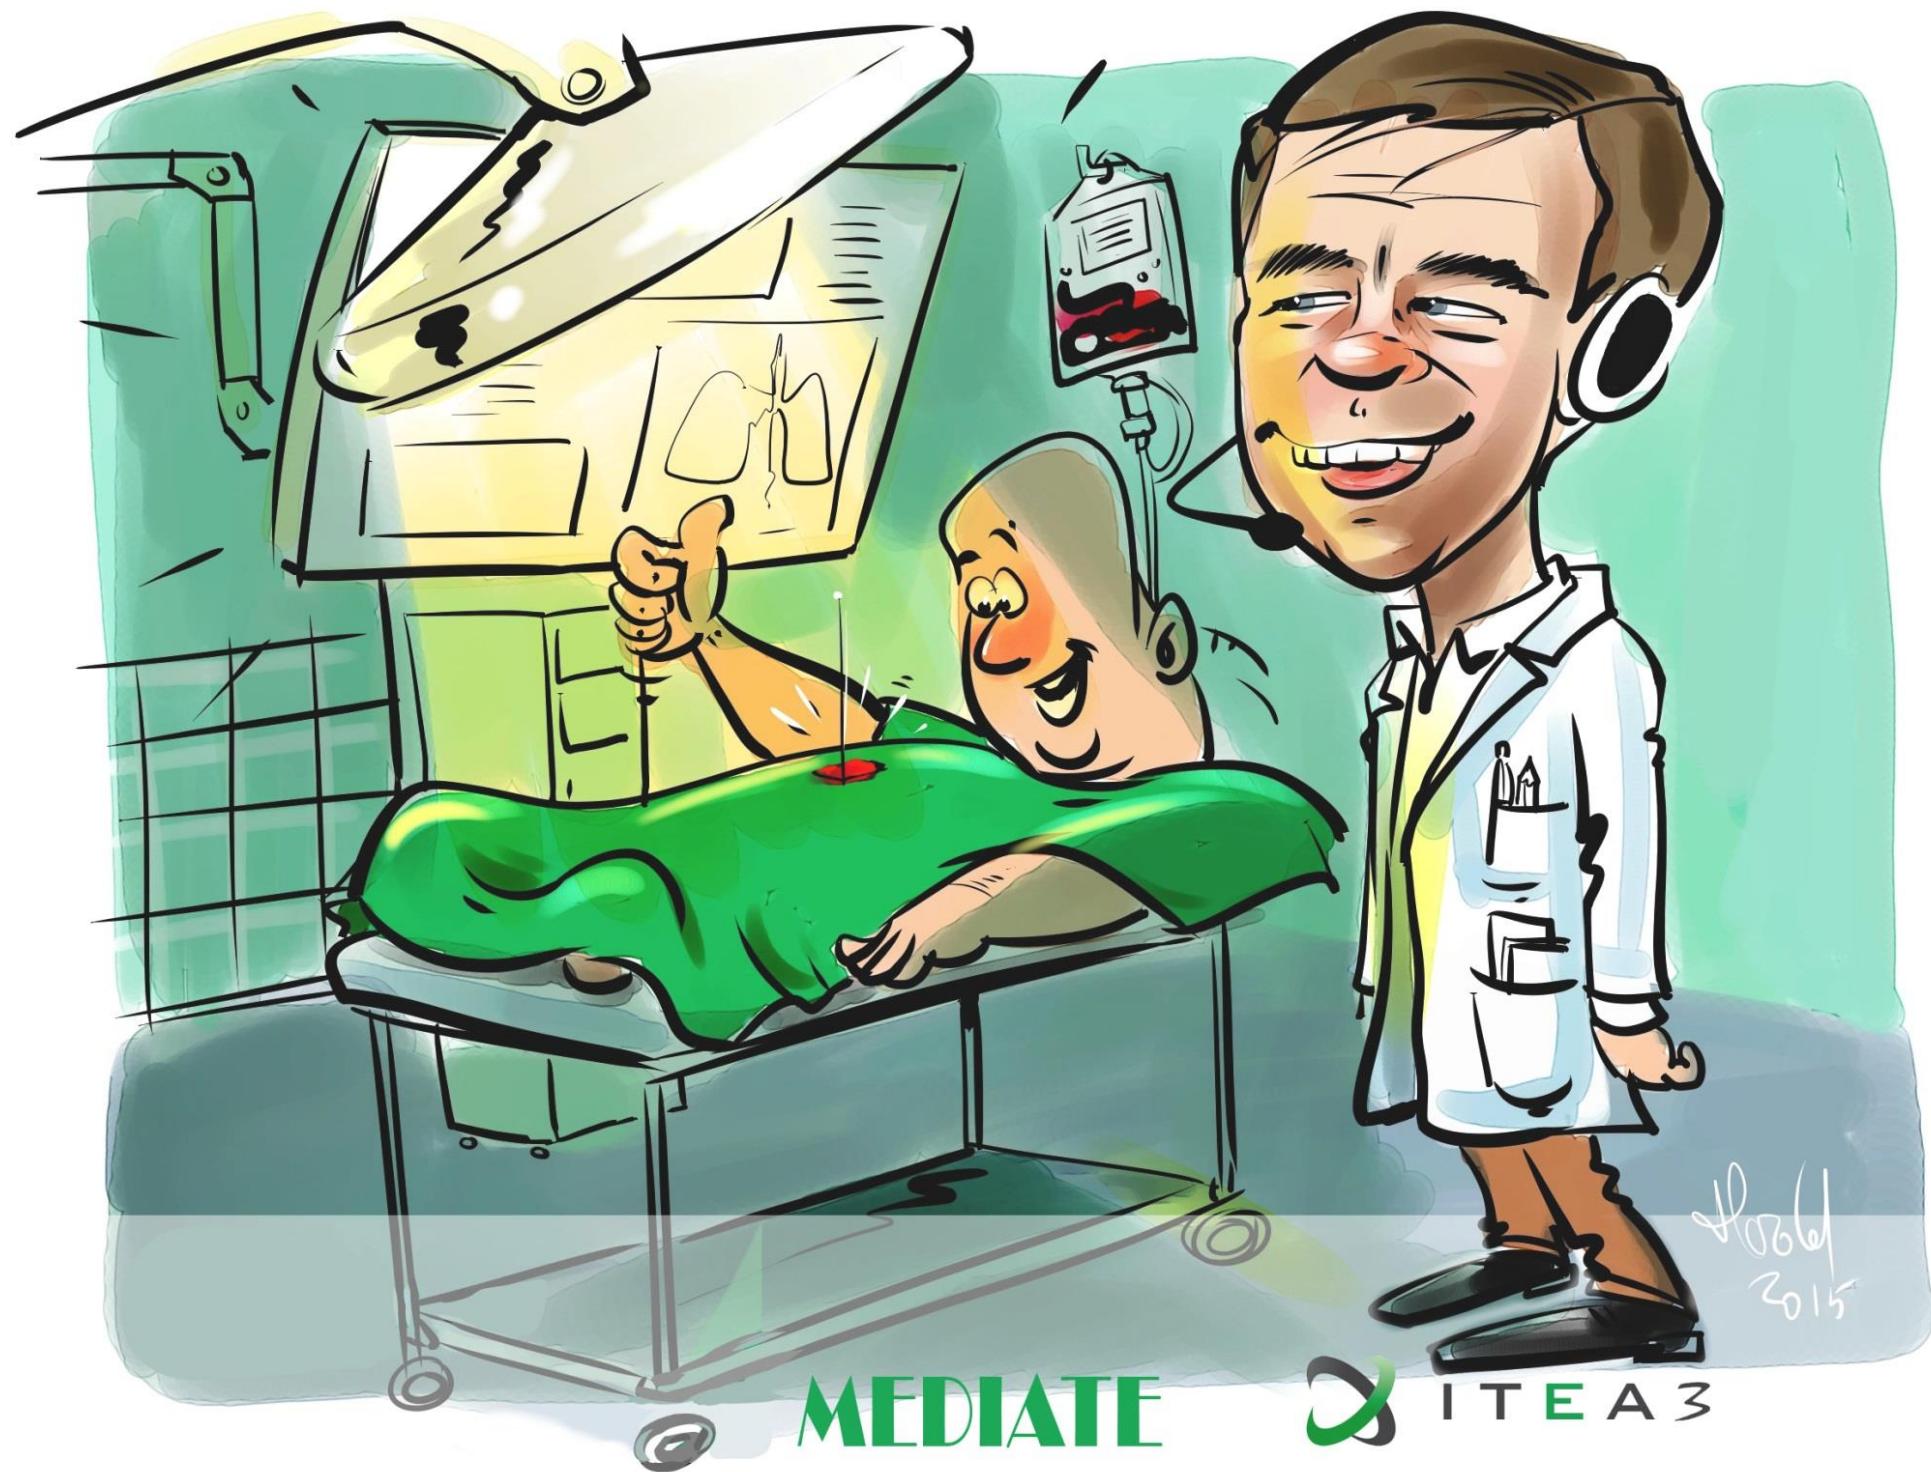

The background features a stage with dark red curtains and a light-colored floor. Three black, oval-shaped objects, resembling small stools or hats, are placed on the floor in a row.

ITEA3

The background features a stage set with a dark red curtain backdrop. A horizontal film strip border is visible at the top. Three solid black spheres are positioned on the light-colored stage floor in a triangular arrangement. The lighting is dramatic, coming from above and behind the curtain.

Let us continue to this year's  
final award winning project

The background features a stage set with red velvet curtains drawn back to reveal a bright stage area. Three black spotlights are positioned on the stage floor, pointing upwards towards the curtains. The overall atmosphere is theatrical and dramatic.

ITEA3

The background features a stage with dark red curtains drawn back, revealing a bright yellow floor. Three black, dome-shaped objects, resembling hats or microphones, are placed in a row on the floor. The lighting is dramatic, coming from above and behind the curtains.

And now, we would like  
to invite the three award  
winners to present their  
results.
