

ITEA 3 Call 6 PO/FPP Process

Call 6 PO Preparation Days, Amsterdam, 4 September 2019
Päivi Jaring - Programme coordinator ITEA

Call process in detail

PROJECT CONSORTIA

ITEA & PUBLIC AUTHORITIES

- 3 September 2019 Opening of ITEA 3 Call 6
- 3-4 September 2019 Project Outline (PO) preparation meeting, Amsterdam, project idea generation and partner finding
- **31 October 2019** **Deadline submission of PO**
- 5 December 2019 Accepted POs invited for submission of Full Project Proposals (FPPs)
- **13 February 2020** **Deadline for submission of FPPs**
-  23 March 2020 Announcement of labelling results

- ITEA projects are industry driven, technically innovative and focused on business results.
- The EUREKA rules that are applicable to the ITEA projects and partners include the following:
 - Project consortia need to have at least two different organisations from two different countries (one must be a EUREKA Member Country and another one either a EUREKA Member Country or a EUREKA Associated Country).
 - The Project Leader must be from an organisation established in a EUREKA Member Country or a EUREKA Associated Country
 - Partners from non-EUREKA countries may participate in a project provided all participants agree
- For more information check the Rules & Regulations on your USB key or on the ITEA Community website (*Documents & templates / Programme Documents / Legal Documents*)

- The ITEA label implies that the ITEA organisation recommends the project to the Public Authorities (PAs) for public funding.
- From ITEA 3 Call 3 onwards, the ITEA label awarded to an ITEA project expires after 10 months when the project has not started within this period, unless the ITEA BSG and ITAC jointly decide otherwise.
- An ITEA label, however, does not automatically imply funding for the project; each partner must apply for funding in its own country.

- The rules for national application submission, eligibility criteria and funding possibilities differ per country and may change over time.

- Contact your national funding contact for specific national recommendations and funding possibilities:

<https://itea3.org/funding.html>

- Several PAs will have a pitch today 
 - A project leader should monitor the funding status of each partner country
- Public funding is not a pre-requisite for a partner to participate in a project.

Thank you for your attention
